NUMBER 25

HIGH SCHOOLS RECLASSIFIED FOR FOOTBALL

New Rules and Regulations
Set Down for the Coming
Year in the State and Dis-
trict Games--Vernon in
Class A, Section 1

The football plan for 1924, calling for a division of schools into two conferences, has just been announced by Roy B. Henderson, athletic director of the University of Texas Interscholastic League. According to Mr. Henderson, this plan has been carefully worked out and will more nearly fit the needs of the small as well as the large schools than any similar plan yet proposed for Texas schools. Last year 28 teams took part in the football contests, and it is expected that approximately 350 schools will participate this year. The number has increased every year since 1920, when interscholastic football was started.

A complete list of the new rules as they have been sent to schools which are members of the League follows:

Eligible Schools—Only schools that have paid the League membership fee and accepted the plan by October 1 shall be allowed to participate.

Divisions—Participating schools shall be classified as follows:

A high school with enrollment of 350 or more the preceding year shall compete in "Conference A."

A high school with enrollment of less than 350 the preceding year shall compete in "Conference B," unless it wishes to compete in "Conference A," in which case the League shall be notified by June 1, 1924.

Sections—The state shall be divided into eight sections for Conference A and sixteen sections for Conference B.

Conference A Sections

Sub-sections may be arranged when eight or more participating schools are in the same section.

Section 1—Amarillo, Electra, Lubbock, Plainview, Vernon, Wichita Falls.

Section 2—Abilene, Breckinridge, Brownwood, Cisco, Comanche, San Angelo.

Section 3—Cleburne, Fort Worth, Gainesville, Mineral Wells, Weatherford.

Section 4—Corsicana, Ennis, Hillsboro, Terrell, Waco, Waxahatchie.

Section 5—Dallas, Denison, McKinney, Greenville, Paris, Sherman, Sulphur Springs.

Section 6—Lufkin, Jacksonville, Marshall, Nacogdoches, Palestine, Texarkana, Tyler.

Section 7—Beaumont, Galveston, Houston, Orange, Port Arthur.

Section 8—Austin, Corpus Christi, San Antonio, Temple.

Schedules.

A Conference A team shall play as many as one-half, or, if an uneven number, a majority, of the other member-schools in its section not later than November 8 or, if its sub-section not later than November 1.

A Conference B team shall play at least four games with different high schools in its section not later than November 1. These games shall be with teams truly representative of the section judged on strength shown last season.

Each participating school shall submit its schedule to the state office by October 1 showing games that have been arranged up to and including November 8. If necessary, the League shall rearrange schedules in order to have the sectional champion determined at the proper time.

Championships, How Determined.

Sectional championships shall be determined by the percentage method. The team in each section having the highest percentage, or, November 1 for Conference B and November 8 for Conference A shall be declared the sectional champion.

Note—If two or more teams are tied for this honor, the League shall announce the method by which the championship shall be decided or select the team to proceed in the series.

Eliminations—The sectional championships shall participate in the final series for state championship according to the schedule which shall be arranged by the League as follows: The first week of eliminations adjoining Conference B sectional champions shall be matched for bi-sectional championships.

In the next round Conference B bi-sectional champions shall be matched with Conference A sectional champions. The relative locations

MRS. PENDLETON DIES LAST NIGHT

PROMINENT WOMAN PASSES
AWAY AFTER LONG ILLNESS
FUNERAL TOMORROW

Mrs. Jennie Pendleton, 34, wife of E. L. Pendleton of this city, died last night at 11:45 o'clock following an illness of several weeks.

Funeral services will be conducted tomorrow afternoon at 2:30 o'clock from the Central Christian Church, of which she was a member, by Rev. Lewis P. Kopp, pastor, assisted by Dr. E. L. Moore, pastor of the Presbyterian church and Dr. R. E. Dickenson, pastor of the Methodist church. Interment will be made in East View cemetery.

Mrs. Pendleton was taken very ill several weeks ago which necessitated a serious operation. At that time, it was thought that it would be impossible for her to live, but a change for the better came and on Sunday slight hopes were entertained for her ultimate recovery. Sunday, however, another operation was resorted to in a vain effort to save her life.

She is survived by her husband and little daughter, Frances, her mother, Mrs. W. C. Sanders, a brother, W. P. Moore, and a sister, Mrs. W. K. Griffin, all of Fort Worth. The near relatives of Mrs. Pendleton are here for the funeral and have been at her bedside constantly since her first operation.

Mrs. Pendleton was formerly Miss Jennie May Moore, of Madison County, Kentucky. The family moved to Texas several years ago. She was married to E. L. Pendleton December 4, 1912, at Fort Worth, and to this union one child was born, Frances Moore. Nearly all of Mrs. Pendleton's married life has been spent in Vernon.

When about 16 years of age, she, united with the Baptist church, but after her marriage she and her husband joined the Central Christian church here. She was very zealous and faithful in her church work and was noted for her local benevolences in the congregation. She also devoted much time to club work, and her passing is a distinct loss to her associates, in the circles in which she moved.

MISS MONTGOMERY WEDS HERE SATURDAY NOON

Miss Nannie Montgomery of Chillicothe and L. L. Wakefield of this county, were married Saturday noon by T. J. Griffiths, justice of the peace at his office in the court house.

The bride is a daughter of Mr. and Mrs. J. R. Montgomery of Chillicothe and Mr. Wakefield is a son of Mr. and Mrs. J. R. Wakefield of this county.

They will make their home in Chillicothe.

Miss Buchanan Has Operation.

Miss Cora Annie Buchanan, daughter of Mr. and Mrs. J. S. Buchanan, was operated on yesterday morning for appendicitis. The operation was performed at a local sanitarium. Her condition is satisfactory.

Guy Turcott In Hospital.

Guy Turcott, of the Bourland community, is in a local hospital recovering from an operation for appendicitis, performed Sunday. He is doing nicely.

MRS. A. J. WHEELIS KILLED BY AUTO IN FRONT OF HOME

Aged Woman Struck Sunday
Night by Car Driven by
Wichita Falls Man—Acci-
dent Was Unavoidable—
No Charges Filed

Mrs. A. J. Wheelis, 73, was fatally injured Sunday night at 7:30 o'clock when struck by an automobile driven by J. E. Findley of Wichita Falls on East Wilbarger street. The aged woman died in about thirty minutes after the accident.

Mrs. Wheelis, who had been making her home with her daughter Mrs. R. R. Griffin, had crossed the street from the Griffin home to accompany Mr. and Mrs. W. C. Hawkins to the evening service at the Baptist church. She had just opened a door of the Hawkins car to enter when she was struck. Mrs. Wheelis was hurled about twenty feet. Her left arm was broken and her face and chest crushed. She never regained consciousness.

Mr. Findley was driving west on Wilbarger at the same time a car was going east. Findley passed between the parked automobile, in which the woman was entering, and the east bound car. He assisted in carrying Mrs. Wheelis after the accident and was in a state bordering on collapse when informed of her death.

Eye witnesses claim the accident was unavoidable. No charges will be filed against Mr. Findley.

Funeral services will be held this afternoon and interment will take place in East View cemetery.

Mrs. Wheelis is survived by nine children. They are: Mrs. R. R. Griffin, Vernon; Miss Jennie Lee Wheelis, of New York City; Mrs. R. C. Spalding Waxahatchie; Mrs. R. W. Pierce, Fort Worth; Mrs. L. A. Harrison, Cisco; Mrs. C. S. Smith, Weatherford; Mrs. E. C. Fewell, Dublin; Mrs. Harry Shahan of Georgia; and J. C. Wheelis of Dublin.

Funeral services were held this morning at 10 o'clock from the First Baptist church, of which Mrs. Wheelis had been a devoted member. Rev. C. E. Lancaster, pastor of the Chillicothe Baptist church had charge of the services. Interment took place in East View cemetery.

New Uniforms for Vernon Concert Band Are Ordered

The Vernon Concert Band is to get uniforms in the next thirty days, measurements for suits for the men being taken now. The uniforms will be of blue serge and will be the standard design. The money to buy the clothes is being raised this week with only a small part of the funds yet to be collected. Several of the uniforms are to be given by local merchants and with only a few of the uniforms to be paid for by private subscription, the uniforms are assured. The band will then be ready to go to the West Texas Chamber of Commerce convention at Brownwood.

PLAY AT HANDS TO BE STAGED SATURDAY NIGHT

The Hinds' student body will present the play "Deacon Dubbs" at the Hinds' schoolhouse Saturday night, April 5. A small admission fee will be charged, which will be used for school purposes. Everyone is cordially invited to come. The cast of characters are as follows:

Deacon Dubbs, from Sorghum Center, West Virginia—Dewey Hendricks.

Amos Coleman, his nephew, a young lawyer—Joe Lovelace.

Raydon Crawley, a wolf in sheep's clothing—Howard Lane.

Major Mc-Nutt, auctioneer and Justice of Peace—Mark Jordan.

Deteronomy Jones, a country product—Royce Lane.

Rose Raleigh, the brave little school marm—Lottie Lovelace.

Miss Philippa Popover, with both eyes on the Deacon—Fannie Taylor.

Yennie Yensen, the hired girl from Sweden—Wilmoth Howard.

Ship Cattle to Market.

D. L. Grene, J. S. Buchanan and Judge Greene returned Saturday from Kansas City where they shipped eleven cars of steers, which Mr. Green has been feeding for several weeks here.

COUPLE MARRIED ON SPEEDING AQUAPLANES.

Aquaplane wedding.

Married life is getting faster and faster. Residents of Seattle, Wash., witnessed the fastest marriage ceremony on record when a couple, standing on aquaplanes, similar to the Hawaiian surfboards, attached to a seaplane speeding at 60 miles an hour, were married by a person who was bathing trunks and the upper portion of his clerical garb.

METHODISTS BEGIN REVIVAL SUNDAY

REV. HUNT, OF ABILENE IN
SERIES OF MEETINGS
IN VERNON

Rev. J. W. Hunt, president of McMurry College at Abilene, began a series of meetings here Sunday at the First Methodist church, to continue through two weeks. Rev. T. W. Brabham of Cross Plains arrived yesterday and has charge of the song service. Elaborate plans have been made for the series of services. Two services will be held daily and down town meetings for men have been arranged.

The meeting for the men will be held each morning at 10:30 o'clock at the Vernon Opera House. General services are held at the church at 3 o'clock in the afternoons. The evening service begins at 7:30 o'clock.

Rev. Brabham filled the pulpit this afternoon at the 3 o'clock service.

Rev. Hunt delivered the sermon last night. His subject was "Repent Ye Therefore." Interest is growing and a good attendance was noted last night.

Rev. Hunt is one of the best known ministers of his denomination in West Texas and has had remarkable success in his evangelistic campaigns. He is an eloquent speaker and is considered one of the ablest pulpits men in this section of the state. He recently taught in a Sunday School training course held at the Methodist Church here and was a speaker at the annual banquet of the Chamber of Commerce.

Several years ago Rev. Hunt held a meeting here and is well known to many local people.

Rev. Brabham comes highly recommended as a song leader and the work of the choir under his direction is expected to be one of the main features of the meeting.

Miss Long of C. I. A. Lectures Here to Clubs and Schools

Miss Marion Long, head of the Department of Interior Decoration at the College of Industrial Arts at Denton, who was brought here under the auspices of the Home Science club, lectured three times Friday morning in the city schools.

Miss Long and her hostess, Mrs. J. E. Collins, were guests at the weekly luncheon of the Lions' club. Miss Long spoke there.

In the afternoon, she addressed the members of the Home Science and Social Art clubs, in joint session at the home of Mrs. B. A. Williams. Representatives from four business houses were present to hear the lecture.

After the lecture a short reception was held and an ice course was served to about seventy-five guests. The lecture scheduled for that night at the high school auditorium was postponed for the storm that had raged in the afternoon seemed to increase in fury and it was impossible for any one to attend.

Miss Long illustrated her very interesting lectures with drawings, which had been prepared by students in her department.

It is hoped that Miss Long may return at some future date and more people may take advantage of hearing such an able exponent of the "Home Beautiful."

Confederate Veterans To Meet.

Members of Camp Cabell, U. C. V., will meet in regular session Saturday afternoon at 3 o'clock at their room in the court house. All members are requested to be present. A new member has joined the ranks of the old soldiers here. Alfred Webb has recently had his name added to the roster of those who wore the gray and hold membership in the local camp.

Marriage Licenses.

The following couples were issued marriage licenses at the County clerk's office last week: William Dedek and Miss Rosie Kalaza, Alfred Cross and Miss Helen Sherard, Johnnie Dalton and Miss Ethel Hise, L. L. Wakefield and Miss Nannie Montgomery.

STEPHENS NO. 2 IS FLOWING BY HEADS IN VERNON FIELD

Local Company Gets Forty
Barrel Well—Spuds in New
Test on Richardson Place
Yesterday—Presages Big
Field South of Town

"South Vernon Oil Company, Stephens No. 2 is flowing by heads and with a strong gas pressure," is announced this morning by L. G. Hawkins, president of the company. The well reached the surface Friday at 950 feet. The company drilled into sixteen feet of oil sand. The well was placed on the pump yesterday afternoon. Tanks were in readiness and the well is making between 35 and 40 barrels. Enough excess gas is furnished by the producer to fire the boiler for Stephens No. 3, which is going after a deeper test.

The engine was moved yesterday afternoon about 1500 feet south of the Stephens No. 1 on to the G. W. Richardson lease, and the company spudded in for another test. A star rig is being used and the company expects to find the oil at about the same depth of Stephens No. 1 and 2.

A deep test will be started by the same company within thirty days on section 99, block 1, Waggoner ranch, just in front of the Brown school house. A standard rig will be used.

"It is an assured fact," stated Mr. Hawkins in an interview this morning, "that Vernon has a sure enough oil field."

FENTRESS SELLS INTEREST IN LOAN BUSINESS HERE

A deal was closed here this week whereby the interest of S. M. Fentress in the loan and insurance business of Fentress & Walker, was acquired by W. M. Thompson and R. E. Williams, and the business will hereafter be conducted under the firm name of Real Estate Mortgage Company. R. W. Walker retains his interest in the business and will continue as an active partner.

Mr. Fentress has moved to Abilene, where he will engage in a business similar to the one in which he was interested here.

FOARD AND DEAF SMITH FARMS IN DEAL THIS WEEK

W. M. Thompson has sold to M. L. Bird of this city a farm in Deaf Smith County of 640 acres, taking as a part of the consideration a farm of 370 acres, near Crowell, in Foard County. The place acquired by Mr. Bird is in the shallow water belt, six miles east of Hereford, and is one of the best improved places in that County.

Light Vote in City Election.

A light vote is being polled in the city election today for the selection of a Mayor and two Commissioners. Shortly after 1 o'clock only 122 votes had been polled. Only one candidate appears on the ticket for each of the three places. Harry Mason for Mayor, J. H. Pendleton and R. D. Shive for members of the Commission.

Modern Woodmen Have Banquet.

The Modern Woodmen of America and the Royal Neighbors entertained last night at the club rooms on West Wilbarger street with a basket banquet. More than a hundred were present at the banquet and many visitors from Bayland, Thalia, Chillicothe, Quanah, and Childress attended. A short program was rendered and music was furnished by a local orchestra. Those taking part in the program were: Ben Leutwyler, who acted as toastmaster; Mrs. Ben Leutwyler gave a reading and E. Lutz, Jr., gave a saxophone solo. The Children's Modern Woodmen, assisted by Bob Browning, professional bandist, appeared on the program. Lloyd Parker, (Miss Juvenette Okasaka) skirt dancer, gave several dances. Mrs. A. P. Howard and Mrs. S. J. Lynch went from here.

Dixie Fiddlers at Chillicothe.

The Dixie Fiddlers, well known musicians, of Vernon, played to a packed house at the Majestic theater last night in Chillicothe. Dr. A. P. Howard, Lewis Franklin, S. H. Franklin, Tom Lee, assisted by Bob Browning, professional bandist, appeared on the program. Lloyd Parker, (Miss Juvenette Okasaka) skirt dancer, gave several dances. Mrs. A. P. Howard and Mrs. S. J. Lynch went from here.

California Fruit Killed.

Local grocers today received notice that 50 per cent of the California fruit crop was recently frost killed.

Adobe Walls Fight To Have a Monument

At last the spot where these 28 valorous men and one intrepid woman fought so gallantly to make the Panhandle a safe place for civilization is to be marked.

When the Adobe Walls celebration is held June 27, a concrete monument about 20 feet high will be unveiled to mark the place of the famous Adobe Walls fight.

A big picnic and barbecue will be held on the Turkey track ranch about 10 miles from Plevens on the site of the white man's fight with the Indians.

Every person in the Panhandle who wishes to have a part in this belated honor to the heroes of this bloody battle is offered an opportunity to contribute any amount from 50 cents up to the monument fund. This paper has been designated by the general chairman of the publicity committee, to receive subscriptions. People who wish to have a part in honoring the Adobe Walls heroes are asked to bring or mail their checks or money to this office. A list of all donors to the Adobe Walls monument will be published.

Mrs. Billy Dixon widow of the famous Indian scout Billy Dixon, of Miami, Mrs. W. T. Cable of Amarillo and the Turkey track ranch on which the Adobe Walls battle was fought, Mayor F. P. Ried of Panama and Judge Thomas F. Turner of Amarillo, president of the Panhandle-Plains Historical society compose the finance committee.

Concrete slabs are to be placed at the corners of the five-acre tract given to the Panhandle-Plains Historical association. Concrete markers will also be placed on the site of the buildings which stood in the old stockade, and head stones will be placed on the graves of the victims of the Indian massacre buried there.

The picnic and barbecue to be given in June is the celebration of the fiftieth anniversary of the Adobe Walls fight. It is expected that several thousand people will be gathered on the Turkey track ranch from all sections of the Panhandle and southern Oklahoma. A rodeo, dance, music, speaking and other events are planned.

Christy Brothers Wild Animal Show Here, April 10

The old saying, "there is nothing new under the sun," has no deterring effect upon the enterprise of Christy Brothers. They have planned and worked and invested in their "Wonder Show" until the organization projects and is the most beautiful and original exhibition of its kind in the world. This year they will bring forward a huge spectacle in which they introduce stage scenery and lighting effects. They have been especially fortunate in their choice of historic subject for spectacular display. This is conspicuously true of "Noah and the Ark." Their reproduction of this famous episode of the Bible entailed a fabulous investment of money, as the most minute particulars of the magnificent ceremonies and festivities on that famous occasion are illustrated in the stupendous Christy production.

The spectacle is revealed in its fascinating features, upon a stage larger than the ground space occupied by a score of the largest theatres in the country. Over five hundred people are employed and the costumes worn are made from correct historic designs, and the materials used are the costliest velvets, silks, satins and gold and silver cloth of mail. These delicate and beautiful costumes were made abroad by artists of world wide distinction and represent a year of exclusive work and an enormous total of money. The horse trappings, bridles, saddles, stirrups and other details are studied with previous studies or emulated and inlaid with delicate golden traceries. The scenery is massive and brilliantly painted. In the pageantry functions of the cele-

CHRISTY SHOWS TO FEATURE HORSES.

brated scenes many novel features are introduced.

In this famous Christy production, the climax of exhilarating gaiety is the huge ballet divertissement. This original dancing conceit brings into view over one hundred girls, lithe, graceful and young, led by a galaxy of premiers of European celebrity, who make their first appearance in this country with Christy Bros. Trained Wild Animal Shows. The music for this ballet is especially composed for it, and it is exquisitely rhythmic and tuneful; in fact, all the music for the spectacle was written for it and is rendered by a band of over a quarter of one hundred musicians. The costumes of the ballet are artistic dreams in daintiness of style and alluring coloring. The scene in its ensemble of fairy-like dancers, entrancing embellishments and insinuating music, is one that holds the senses spellbound and forges another link in the invisible golden chain that holds and draws the crowds to the place of Christy Brothers' exhibitions.

Christy Brothers will exhibit in Vernon on Thursday, April 10, giving two performances at 2 and 8 p. m. with a most delightful and all new street parade at noon.

"Women Men Marry" Problem Play To Be Shown at Pictorium

In "Women Men Marry" shown at the Pictorium, Thursday and Friday, Edward Dillon says that it has been his observation that women are not only, as Kipling says, "Deadlier than the male," but that in many respects they are more foolish.

His photoplay "Women Men Marry" is a brilliant dramatic study of woman's vacillation in her handling of the most important business of life, matrimony. In his handling of this ever old and ever new theme he is neither serious nor satirical.

The four elements of Men, Women, Money and Matrimony are let loose, and a battle royal ensues, each contestant using the time honored weapons which nature has given him. Woman, with her wiles and her tenderness, her tears and her physical appeal enters the fray of life. Man determined and strong, but bewildered, because his gift of logic can not penetrate the deviousness of the feminine think tank. Money with its power dazzles the eyes and unseats the better judgment of both men and women.

It is then that our old friend and enemy Matrimony makes her sinuous and seductive entrance, thinking that the field is hers by easy conquest. Emotions, cupidity, greed, selfishness, the snobishness of position gyrate wildly as this drama revolves in kaleidoscopic fashion. Then when a beautiful young woman, her outlook on life warped by false education is about to commit self sacrifice in order to

wear the empty honors of a marchioness' coronet, Love enters and all is serene.

E. K. Lincoln heads the cast, while the beautiful Florence Dixon essays the leading female role with her usual charm and authority. Hedda Hopper, Julia Swayne Gordon, Cyril Chadwick and Charles Hammond lend their talents to the general ensemble.

Red Bottom Tanks

When the day's work is done, what is more refreshing than a long, cool drink of fresh water? Hard-worked horses enjoy it as much as we do. Red bottom tanks will economically and conveniently keep it always ready for them. Two styles—the round and the oblong with round ends. Made of high grade galvanized steel. Reinforced at top with patent Tube Top, at bottom with Double Lock Seam. Sides made doubly strong by 2 triple corrugations. Solder is sweat into all seams. Entire bottom and lower edge edge coated, inside and outside, with rust preventing paint made in our own laboratories. Applied by special heat process.

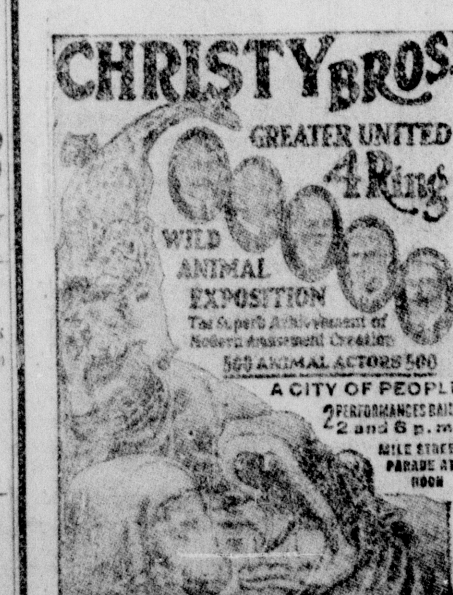

Look for the 5 year warranty stamped in the steel. Not genuine unless so stamped.

THE ORIENT SALE.

The sale of the Orient last week, it is to be hoped, will mark the beginning of a new life for that railroad. One of the conditions of the sale is that the line is to be operated. The purchasers of the road announce that they have already worked out a plan of reorganization that will include improvements of the roadbed and the rolling stock in order that the Orient may be brought up to a high standard of efficiency.

The Orient has been in a bad way financially for several years. Its operations have been badly hampered and no doubt this fact largely explains the failure of the road to get its proper share of the business available to it. The Orient's appeal for business in competition with other roads has been largely one of sentiment and on the plea that shippers who favored the line with business would be rendering a public service in thus helping the road to pay its expenses. This is a commendable basis of an appeal for business and the conditions in which the Orient found itself made it about the only basis on which competitive business could be sought.

But sentiment is not given the place in business that perhaps it ought to have. Most shippers feel that when they buy transportation service they want the best available and they must have also felt, in the case of the Orient, that they could not afford to jeopardize in any way their own business by giving tonnage to a line that admittedly could not give good service. In other words shippers from jobbing points were faced with the necessity of competing for business against other jobbers who were under no obligation to ship over the Orient and therefore were in better position to get business. Very few business men could be induced to subject their deliveries to possible delays merely in order to help the Orient when they might by reason of this fact suffer a handicap in meeting competition.

No doubt the Orient can be made to pay if its roadbed and rolling stock are brought up to a standard that will enable it to give good service. It serves a rich territory and offers a convenient routing for much tonnage moving from the jobbing and manufacturing centers to the Southwest. As the Orient improves its service its patronage will increase.

THE MUD-SLINGING HABIT.

One frequently hears some one impugning the motives of others. Whipped insinuation is a favorite method of abuse. This is especially common in campaign years. Some people seem to be able always to explain every act of some other person as being the outgrowth of sinister motives. Public officials and candidates for office generally are subjected to this kind of character assassination by people who do not have courage to make open charges or to go to proper place or to the proper person to obtain authentic information. They prefer to throw out insinuations and give currency to such flimsy statements as "they say," "I understand," and various other favorite subtleties of the gossip peddler.

The gossip peddler is the most despicable character who is permitted to run at large, and it is worth remarking that gossiping is not confined to members of the fair sex. Some of the most pernicious and insidious slander that ever falls from human lips comes from men. And it too often comes from men who are supposed to be representative, respectable citizens. Many

a man who calls himself respectable and would resent any intimation to the contrary will repeat slanderous statements about some man whose views happen to be at variance with his own on some particular question. It is really remarkable the number of fair weather friends a public officer or a candidate for public office can have. As long as a certain type of man thinks he can use some particular officer or some particular candidate, that officer or that candidate is about the finest fellow that ever lived. But let this officer or candidate fail to do the thing that his alleged friend thinks he ought to do and he immediately becomes a grafter, a traitor, a public nuisance, a plunderer of the public treasury and a man unworthy of any confidence.

There is one thing worth remembering under conditions like these. It is that we intuitively and inevitably judge people by our own standards. Some philosopher has remarked that when you hear a man talking about his neighbor being a thief it is a pretty safe policy to lock your hen house at night. The average high-jacker thinks the whole world is crooked. He's simply measuring other people by his own yard stick. If your yard stick shows up too many crooks, it is time you were taking an inventory of yourself and your own standards. You might possibly discover that some of the trouble is with you.

MR. DAUGHERTY'S DISMISSAL.

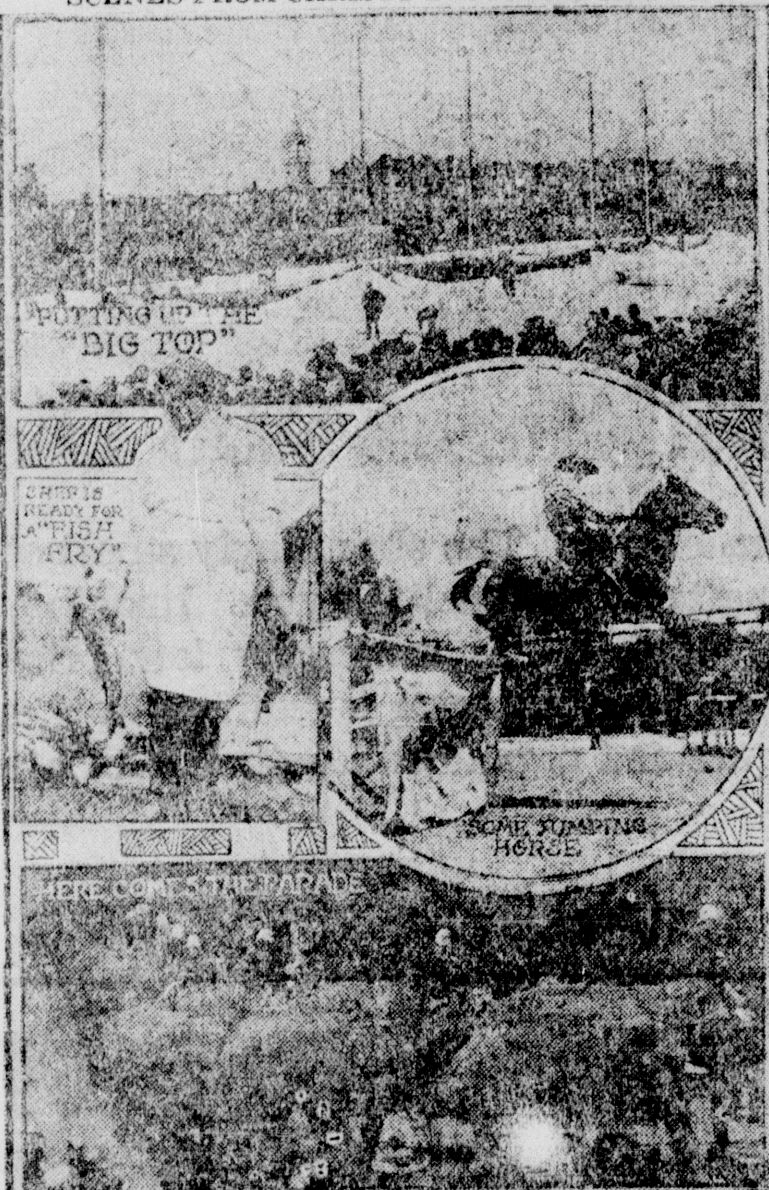

To those who had been following closely the developments in the investigation of Attorney General Daugherty, his dismissal by the President did not come as a surprise. Each day that he remained in office only emphasized the inevitableness of his retirement. To have believed otherwise would have done violence to every suggestion of either reason or expediency. Before the disclosures, many were of the opinion that Mr. Daugherty was innocent of any personal wrongdoing but without any special qualifications to be the Attorney General of the United States. It would now require a robust faith in the Attorney General to believe that he was altogether innocent and an even greater one to hold to the belief that he is qualified to fill a high official position in the Government. There were only two surprising features of the latest development of the Daugherty affair. One was that the President delayed as long as he did in doing what was certain that he would be compelled to do, and the other was the shallow pretext on which the President based his dismissal of the Attorney General.

People who have a high regard for intellectual integrity must agree with Mr. Daugherty that the President's position in dismissing him merely because his department was under investigation is "untenable." The President expressly refrained from expressing an opinion as to the merit of the charges made against the Attorney General. What he said was that because the De-

partment of Justice and Mr. Daugherty were under investigation the Attorney General was not in position to render a disinterested service to the administration.

As Mr. Daugherty pertinently suggested to the President if such a rule should become a custom it would be necessary only for charges to be preferred against a cabinet officer in order to incapacitate him for continuing in the public service. The President would have made a better showing of reason for his action if he had predicated it upon the broad principle that Mr. Daugherty should retire because he no longer enjoyed the confidence of the people generally and therefore his continuance in the office of Attorney General would hamper its usefulness as an important branch of the Government.

EAT IT RAISED IN TEXAS.

(By Phoebe K. Warner)

To the women who do the cooking and feed the five million mouths, three times a day in Texas, this message is for YOU. There is a slogan "Buy It Made

in Texas." But truly, if we all lived up to that slogan most of us would. If all the clothing factories in our land were to go on a strike Texas would have to jump in a barrel somewhere and wait until the looms and factories got busy again. But there is one other thing more essential to life than clothes, and that is FOOD.

If all the food ports in the world were to close, Texas would get both rich and fat feeding herself. If you can think of anything good to eat or necessary to the proper nourishment of the human family that does not grow in Texas we would like to know what it is. Every kind of meat, every kind of dairy products, every kind of fruit and vegetables, every kind of nuts, FOOD, FOOD, FOOD, Texas is famous for food. But how many of us appreciate this fact? How many of us when we go to market ask for Texas raised food? How many of us know anything about the great variety and the rare qualities of our own Texas food products?

How many of you feed your family out of tin cans, paper bags and boxes. Many of us live where we can not raise our own food. What do you buy when you go to town to select your food supply? Do you get Texas products, California, Colorado, Iowa, Illinois, Florida, Wisconsin or where does your food come from? We read this sentence on the bill of fare on the M-K-T, dining car the other day: "All fruit served on this train comes from the Rio Grande Valley." How many railroads running through Texas serve only Texas grown fruits on their trains in Texas? Here is another survey that needs to be made in Texas. To start it, suppose the seventh graders make

Clever Play Friday, April 4 at High School

The East Vernon dramatic club will present a "Little Coddhopper" at the Vernon high school auditorium Friday night, April 4. The play has been presented at East Vernon, Oklaunion and Elliott, and has been well received each time.

The play is a comedy drama of American life in three acts. It has a very interesting plot hinging around an ambitious society woman who is trying to marry her son to an heiress. Instead of following his mother's guidance the son falls in love with an actress. A bashful young book agent falls in love with the heiress and the whole story becomes entangled in a mass of intricate situations which are worked out in the end.

The members of the cast are: Mrs. Charlie Meyers, who takes the part as the society woman. Ben Smith is the delicate city dude. Miss Thelma Murray takes the part of the down trodden Coddhopper. Minnie Bell Smith as the old maid makes a hit with her audience in her many queer situations. Cecil White takes the role of the baseball book agent and Ernest Baker takes the part of a country boy.

HIGH SCHOOLS CLASSIFIED FOR FOOT BALL CONTESTS

(Continued from page 1)

of surviving teams shall determine the remaining eliminations.

Games That Count on Percentage.

Inter-conference games (an "A" vs. a "B" team) between member schools on or before October 25 shall not be counted on a team's percentage. A game with a member school in same conference whether in or out of the section, shall count on a team's percentage.

Note.—On account of location El Paso cannot participate, and this rule shall not apply to games played with the El Paso High School.

A game which is not on an announced schedule, or one to which no admission is charged, or one which is not regularly conducted by an official or officials, is a "practice game" and shall not count on a team's percentage.

Reports.—Each team shall report every game to the League office as soon as possible, or arrange for the home team to do so. Report of score by wire will insure inclusion in press summary.

Observe Rules.—Each team shall observe faithfully all rules contained in Article VIII of the Constitution and Rules.

Note.—Attention is called to Section 13 which refers to playing suspended teams. The North Fort Worth and Denton high schools have been suspended in football for 1921.

Football Code.—By accepting this plan, the coach and other officials of each school pledge themselves to act in the spirit of the "Football Code" and to foster this spirit among the players.

Eligibility Blanks.—Each player shall fill out an eligibility blank furnished by the League, these blanks to be signed by Superintendent or Principal and mailed to the state office before the contestant is allowed to take part in any game. At the end of the season the Superintendent or Principal of each school shall send to the state office a list of all players who have participated in football during the season as representatives of the school.

Guarantees.—The visiting team always has the right to demand a guarantee sufficient to cover all expenses and in addition 50 per cent of the net gate receipts of the contest. A demand of a flat guarantee which is clearly in excess of expenses shall, upon action by the State Executive Committee, disqualify offending teams from further participation.

Note.—In this connection, expenses of visiting teams, officials, advertising, labor, services, and printing incident to the contest, shall be considered as expenses of the game. Number of men allowed upon expense account shall be agreed upon by coaches or managers of teams involved.

Officials.—All officials must be satisfactory to both parties and agreed upon in advance. Teams are urged always to secure outside officials. Beginning a game with an official constitutes agreement.

Protests.—All protests must be made in writing to the State Executive Committee within twenty-four hours after the game is played, except that a protest based on the alleged ineligibility of a player may be made at any time during the season; provided, it is made immediately upon discovery of the facts on which the protest is based. Protests based upon decisions of officials will not be considered. Protests must be made in writing and signed by Superintendent or Principal.

Trophy for State Champion.—The Southwestern Engraving Company of Fort Worth has provided a beautiful regulation-sized silver football, mounted on an ebony base, to be awarded to the school that wins the state championship under the plan.

Note.—The purpose of this plan is to determine the state champion.

ship in high school football. Teams are expected to enter into the spirit of the plan as well as follow the rules. The League reserves the right to adopt corrective measures that it may deem proper in order to protect a team that has been unable to comply with the schedule requirements.

New Steel To Be Laid Soon on Third Division

Twenty-four miles of new 90-pound steel will be laid from Hedley to Estelline. The first steel was received and thrown alongside the right-of-way Tuesday and within fifteen days the entire tonnage ordered will be available.

The cost of laying this new steel will be \$750,000, which includes labor and angle bars and bolts. The Denver Road is using the highest quality, 100 per cent heat treated bolts and angle bars, being the only railroad in Texas using such high quality material for rail laying. The new angle bars absolutely prevent rail joints from becoming loose and does away with much noise when the car wheels pass over a joint. The bolts are heat treated and are much larger than usually used.

The new steel will replace the 75-pound steel, having the steel between Childress and Estelline of 50 pounds. Next year the heavy steel will be laid from Estelline into Childress. When the new steel is down the third division will have as fine track as any railroad in Texas or the Southwest.

In laying the new steel many thousands of new ties will be used and the track put in even better condition than before. The job will be rushed so that most of the steel will be down before summer travel starts for Colorado. At least one hundred men will compose the gang which will do this work.

LOCAL BUICK DEALER DEMONSTRATES NEW MODEL

Bob Crews, local Buick dealer, is demonstrating a new 1921 model Buick car here this week, equipped with four wheel brake and balloon tires. It has a seventy horsepower motor with a new oiling system which is being put into the late models.

The car yesterday, while being demonstrated, was brought to a standstill within thirty feet from a speed of 40 miles an hour. The car also showed a pick up in high gear from one mile an hour to thirty miles an hour, in a distance of one block.

The district track and field meet will be held here April 18 and 19.

W. C. T. U. Workers
To Attend Golden
Jubilee in Austin

At a meeting of the local union of the W. C. T. U. held at the home of Mrs. Rena M. Watts Thursday afternoon, letters were sent to pastors of all local churches in Vernon urging them to select delegates from the congregations to attend the Golden Jubilee of the Woman's Christian Temperance Union which is held April 4 and 5 in Austin, commemorating fifty years' work for prohibition in America.

The churches are being asked to pay the expenses of delegates to the convention pointing out the fact that temperance work is a part of religious movement of the nation. If delegates cannot be sent from each church, the members of the local union are asking that the congregations center on one delegate, paying his or her expenses to Austin and return.

Mrs. Rena Watts, president of the local union, and district president, will go from here, and will attend a board meeting while in Austin.

The general theme of the convention will be the necessary upholding of the eighteenth amendment to the Federal Constitution. A program to carry the influence of law and of pledge slogan to the school children will be carried out.

Governor Pat M. Neff will speak and the delegates will be entertained one afternoon in the governor's mansion. Other speakers on the program are: Mrs. Percy V. Penningbacker, Mrs. Henry Redmond of Corpus Christi, president of the Texas Federation of Women's Clubs; S. M. Marrs, state superintendent of public instruction; Miss Florence Sands, Dallas, president of the Texas Business and Professional Women's Clubs; Mrs. S. M. Marrs, president of the Congress of Mothers and Parent-Teacher Associations; Rev. Atticus Webb, superintendent of the Anti-Saloon League of Texas; Frank Cole, director of federal prohibition; Henry Nix, president of State Sheriffs' Association; Dan Moody, Georgetown; Sam Sparks, Austin; Mrs. M. S. Hatcher, Austin; Mrs. Claudia Hightower, Fort Worth; Capt. B. A. Baldwin, San Antonio; Miss Charlotte Fraser, National W. C. T. U. representative; Miss Fanny Armstrong, Fort Worth; Mrs. Ida Y. Smith, superintendent of Christian citizenship of the National W. C. T. U.

Clarence Self of Crowell was in Vernon yesterday on business.

Mrs. Magnus Johnson, wife of the Farmer-Labor leader who was elected to the United States Senate from Minnesota, declares she prefers the farm to Washington. The Senator's wife, who has farmed all her life, declares she milks seven cows before breakfast every morning and that she personally cares for the little truck garden that supplies the food for the entire Johnson family, when on the farm.

Joe L. Sneed Will
Make Campaign for
Weigher's Position

Joe L. Sneed this week announces as a candidate for re-election to the office of public weigher, subject to the action of the Democratic primary in July. He says he has tried to render good service in the office and will put forth every effort to make an acceptable officer, in the event of his re-election.

Mr. Sneed asks that the voters make careful investigation of his fitness to discharge the duties of the office to which he aspires and says that he will appreciate the support of all who feel that he is qualified for the position.

Card of Thanks.

We wish to take this method to extend our heartfelt thanks to our friends and neighbors for the many acts of kindness shown us during the sickness and death of our beloved daughter and sister, Jewell Elizabeth Day.

WILL C. EDWARDS

Denton Editor Who Is a Candidate for the Democratic Nomination for Lieutenant Governor.

Edwards, past president of the Texas Press Association and Texas Daily Press League, came to Denton from Alabama a small boy 41 years ago and has lived there since. He has been connected with the Denton Record-Chronic since 1890 and has been its publisher since 1899.

In 1922 Edwards' home people, drafted him to run for the Legislature—the only public office he has ever held—and this is his first political contest entered voluntarily. He is president of the Denton Chamber of Commerce, served eight years as Democratic County Chairman, two years as State Democratic Executive Committeeman, three years as Red Cross county chairman, four years as president of Denton County Texas-Exes.

Friends say 95 per cent of the Democratic vote of his home county will be cast for Edwards and that he has practically the solid support of Texas newspapermen.

Kangaroo Court
Held By Sunday
School Class

The Sunday school class of T. J. McGill held a kangaroo court Monday night at the district court rooms convicting two of the members of the class for not attending Sunday school for the past few Sundays.

Judge Guy Norwood called his court to order at eight o'clock and after seating a jury of seven, with J. D. Key, acting foreman, the prisoners were brought before the court and a heated argument ensued. Prosecuting attorney Thornton Ferguson and Theron Staley, attorney for the defense, clashed more than once over the testimony of the chief witness, Buel Cooper Raymond Zachry, and Pete Sneed were the boys on trial. The jury returned a verdict of guilty with four, for partial punishment, and three for severe punishment. The prisoners were then turned over to Sheriff Ransome Walker and his five deputies for punishment that the court pronounced.

Those serving on the jury were: Bert Blanton, Luther O'Steen, Keith Pigg, Andy Thompson, Allen Carney and Leo Castleberry.

Those serving as deputy sheriffs were Roy Key, Ted Key, Herman Abbott, Nolan Backus, and J. W. Lester.

Pete Sneed was the main witness for the defense.

Card of Thanks.

We take this method of extending our sincere thanks to the friends, who through their words of sympathy and many acts of kindness ministered to our dear mother, Mrs. Josephine Minarik, during her last illness. Our thanks are also extended for the many beautiful flowers sent for the funeral.

May God bless you every one is our prayer.

COMPANY "L" GETS RIFLE RANGE HERE

RANGE TO BE ON A. M. HIATT FARM NORTH OF VERNON—FEDERAL AID RECEIVED

Company "L", 142nd Infantry, Texas National Guard, will have a complete rifle range to be built in the near future. Major Claud A. Adams of Crowell, who is President of the Texas State Rifle Association and commander of the 3rd Battalion, Texas National Guard, was here Friday and Saturday and leased a location from A. M. Hiatt and made arrangements with Captain Clyde D. Watts to get the range built immediately in order that the local company can get some practice before the summer camp to be held the latter part of August, this year.

The range will have four or five firing points and will be equipped with the new disappearing targets which will be shipped at once. The firing points will vary in distance from 100 yards to 600 yards and if proper arrangements can be made there will be 1000 yard firing points. The range will be located in the Hiatt pasture near the lower bridge across Pease river.

Captain Watts also expects to organize a Citizens rifle team in order to have some competition in the shooting here. This team will be composed of men who are willing to shoot at regular specified times, and who have had some experience with the rifle. When the team is organized a small charge will be made for initiation. The dues for the club will be small for there will be little upkeep attached to the ranges. The cost of installation is the greatest cost.

This is the first time that Federal aid has been granted National Guard Units to establish rifle ranges and to assist in organizing rifle teams among civilians, though the plan to train citizens, in rifle practice, has been before the military board for some time.

IN SOCIETY

SOCIAL CALENDAR

Mrs. E. O. Youngblood is hostess today to the Tuesday bridge club.

PRODUCTION RECORD BROKEN BY A. & M. HERD

The Holstein production record of Texas has been broken twice by animals in the A. & M. College Dairy Herd of the past year. This information was given out yesterday by Professor George P. Grout, head of the Dairy Husbandry Department following its receipt from the Holstein-Friesian Association of America.

The mature cow record was first broken by Maude Posch Queen 2nd, with a production of 21,916.5 pounds of milk and 665.36 pounds of fat, and soon after this record was bettered by another cow in the herd, Abbie Cornucopia Colantha Tina, who set the state record at 22,733.7 pounds of milk and 690.58 pounds of fat.

In the same period of time a Jersey Cow in the A. & M. herd bettered the record of the College animals by producing 749.88 pounds of butter fat which is nearly 60 pounds of fat more than that produced by the Holstein, making the state record. This cow was Kieberg's Jacoba Pogette.

THE VERNON RECORD

Department of Botany Will Classify Algae

The botany department of the University of Texas proposes to identify free of charge any specimens of algae found in water reservoirs, provided the samples arrive in suitable condition for study, according to Dr. I. M. Lewis, professor of botany. Algae are very simple plants which frequently occur in such numbers as to form floating green masses on the surface of the water, and are responsible for the fishy, musty odor and taste in the water. There are 25,000 kinds of algae, according to Dr. Lewis, and it is important to identify them in order to control them. Although algae are not dangerous to public health in the same way as bacteria, they frequently render the water unfit for use due to the offensive taste and odor produced.

WITHERSPOON'S PREPARATION FOR PYORRHEA
A Newly Discovered Pyorrhea Remedy That Is Accomplishing Amazing Results

It is a remedial agent that will allay and remove conditions that are unpleasant and painful. It is a powerful antiseptic and penetrant and will work its way into both the flesh tissues of the gums, and the bone tissues of the roots of the teeth and the jaw bones. It removes the cause of the pus in both the gums and the teeth; it removes the inflammation and the astingent properties make the gums firm and assists nature in properly adjusting them back to the teeth.

It is a liquid and does not taste at all pleasant, but it was made to cure pyorrhea and not to drink. Wonderful results are noticed from the start. Scores of Amarillo people have used it and are now recommending it to their friends. Packed in only one size—8 ounce bottles and priced at \$2.00.

If you are not satisfied at any time with results your druggist will refund your money. We do not want something for nothing. You must be satisfied. And we are sure Witherspoon's preparation for pyorrhea will make good in your case. We do not hesitate in making you this liberal guarantee of satisfaction for we want to see every victim of pyorrhea take advantage of this opportunity to be rid of the dread disease.

It is manufactured by the Spoon Laboratories, Denver, Colo., and is stocked by all leading drug stores or you can order direct from Hial P. Witherspoon, 515 Polk Street, Amarillo, Texas, sole distributor.

Druggists are authorized to return its sale price if results are not satisfactory.

BROWN'S CASH GROCERY

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health.

Sold by druggists for over 40 years.

Lack of Money Causes Boys to Leave School

Financial embarrassment is the cause of the majority of withdrawals from the University of Texas, according to records in the office of the deans. Next to financial difficulties comes sickness. Illness in the family, and especially that of the father, is more often the cause of the students' leaving than sickness of the students themselves.

Reasons written by the students themselves on their cards are of various nature. One girl wrote, "I am tired and going home." A boy's card had, "I have a job playing the piano on a cruise to China." Another girl said, "I just haven't the money to stay." One boy wrote, "I have to report to duty in Cuba next month." And still another frankly wrote, "Will bust out anyway." All of these reasons are given, but by far the most frequent are the three words, "I am broke."

BALANCED RATION MAKES BETTER PIGS

Sixty per cent of all pigs born are farrowed during March, April and May. Careful feeding of balanced rations with proper proportions of fat and protein producing feeds, good management of the sow and litter and free access to green pasture will give the pigs a good start in development and insure favorable growth. They should have the exercise of the open during good weather and should be protected against cold rains and provided with clean, warm, dry and comfortable quarters.

The Presbyterian Guild will hold an Easter Bazaar on April 18 and 19, in the building formerly occupied by the music store, first door south of Farmers State Bank. Many articles suitable for graduation presents, gifts and prizes will be offered for sale. Proceeds of sale will go toward furnishing the new church. A visit from everyone will be appreciated. Presbyterian Guild, 24-7c
